## THE ACCIDENT TO THE "BELGIC."

THE SECOND OFFICER DROWNED.

YOKOHAMA, September 10th.

8.55 p.m.

The Belgic will probably be got off to-morrow.

Mr. Nickson, second officer of the steamer,

was drowned while one of the boats was being

lowered.

[We learn that the Empress of Japan proceeded

to the place where the Belgic is ashore on

Monday morning, and stood off for about two

hours, eventually receiving the signal, "No

assistance required." One of the officers of

the Belgic came off to the Empress boat, and

gave a few details concerning the accident,

which is said to have occurred on Sunday

night, and not early on Monday morning as

at first reported. It was rumoured on the

Empress of Japan that one of the boats

belonging to the Belgic had overturned, and

some lives had been lost, a report which, as

will be seen by our second telegram, turns

out to be only too true, though whether more

than one life was lost does not yet seem to be

clear.—Ed. K.C.]

It is notified by an Express issued at 10 a.m.

that cable communication with Amoy is restored.

Hongkong and Swatow broken down.

The Singapore Free Press understands that

Mr. R. Thompson, who did a good deal of

important work for The Times during the early

part of the China-Japan war, is now re-visiting

Japan to collect literary and political material

for future publication.

H.M.S. Albatross, with Vice-Admiral Bell, C.B.,

on board, arrived at Shanghai yesterday.

The other vessels of the Fleet recently cruising off

Vladivostok, Hakodate and the East Siberian

coast have now come South, some of them being

at Yokohama and the others at Wessing.

We are glad to learn from the Straits Times

of the 14th instant that Singapore was declared

free from cholera on the 12th, and that clean

bills of health were then being granted. This

good news has been duly confirmed by

notifications sent to the various consular and

other authorities at Singapore.

The popular Variety Club of the Royal Engineers

gave an entertainment last night at the Wellin-

gton Barracks. The hall was well filled with

guests of the Club, including a number of officers

and several ladies. A good programme was pre-

sented; the troupe has vastly improved since

their last entertainments and they are now much

more at home on the stage. The singing in gen-

eral was good, and the pianist, Sapper Farr,

deserves great credit for his excellent accom-

paniments. Altogether a more than usually

pleasant evening was spent by all present, the

coolness of the evening increasing the comfort

of attendance. The programme will be repeated

on Monday night, and should induce many of

those who enjoy light amusement and do not

care to pay 3s a seat in the Theatre, to attend

there, where a thoroughly enjoyable evening

may be spent.

The Japanese papers have been full, for the

last three mails, of the doleful public of Miss

Anna May Abbott, "the little electric magnet,"

as she is called. She gave a performance at the

Yokohama Public Hall, at which many promi-

nent residents, including physicians and

professors, were invited by her on the stage

while she was doing her tests. These "tests"

consisted of lifting members of the Committee

on a chair by simply placing her hands side-

ways upon it; defying the Committee, either singly

or in numbers up to half a dozen, to lift her from

the ground against her will—though she weighs

but 60 pounds—relating the united or single

efforts of the Committee by means of a pole, etc.

She made little boys, by suggestion, immove-

able by the strongest men. In some cases the doctors

and others on the platform placed their hands

between Miss Abbott's and the object to be

lifted or propelled, and in each and every

case declared they felt no pressure exerted by

her, or at least, hardly any, worth speaking of.
